

May 20, 2020

Dear Customer,

For more than 35 years, the Crisp name has been associated with a demonstrated product line of crash-rated barriers, gates, fences, and bollards. Since 2006 Crisp Barriers Incorporated has successfully provided hundreds of products. I am very proud of our record in providing quality products as well as custom design and manufacturing when standard industry products would not work in unique applications.

I am also very optimistic about the future. Today begins an exciting new chapter for Crisp Barriers. I am pleased to announce that Innovo Security Works, LLC has completed its acquisition of all of the assets of Crisp Barriers. The combination of Crisp Barriers' proven product line with Innovo Security Works' technical resources and backing creates growth opportunities and technical advances.

Innovo Security Works has committed to providing full service and support to all past and current Crisp customers and will now be the exclusive source for the Crisp Barriers catalog of security barriers, gates, fences, and bollards.

I want to take this opportunity to thank each and every one of you for putting your trust in us over the last 14 years and bringing us to where we are today.

Sincerely,

A handwritten signature in blue ink that reads "Joe W. Anderson".

Joe Anderson
Chairman and CEO
